

NEWS RELEASE: 17 FEBRUARY 2010

Answering questions on business waste

Hills Waste Solutions, Swindon's leading waste management company, is extending an invitation to local businesses to attend a complimentary breakfast event entitled 'Effective and Compliant Waste Management' at the Swindon Marriott Hotel on Wednesday 24th March from 8.30am – 10.00am.

Aimed at all business types, the event will provide guidance and advice about waste regulations and how to improve sustainability. Topics to be addressed include your obligations as a producer of waste; what to expect from a waste management provider; how to get value for money and what the future holds for waste.

"This is a perfect opportunity for businesses to come along and benefit from expert advice regarding their waste management issues," commented Julian Cope, commercial manager for Hills. "Following the presentation there will be the opportunity for one-to-one sessions with our waste management and recycling experts."

As we enter the new decade, businesses can expect to see an increased emphasis on business waste and changes in the way this waste is both handled and regulated. A number of drivers will fuel this change, such as the landfill tax increase on 1 April, bans on certain types of waste going to landfill and increased pressure to reduce carbon footprints.

Booking is essential as spaces are limited.
