

## **PRESS RELEASE**

**Friday 6 March 2009 – for immediate release**

### **Grand design for local concrete firm**

A Wiltshire based company, Hills, was featured on yesterday's broadcast of Channel 4's popular Grand Designs programme supplying ready mixed concrete to a £660,000 self-build project by Andrew and Meryl Ainslie at Mildenhall in Wiltshire. The Marlborough Farmhouse took just over a year to complete.

Hills has been supplying ready mixed concrete and floor screed to the local building industry for the past 3 years from their concrete plants in Lower Compton near Calne and Shorncote quarry near Cirencester.
