

**NEWS RELEASE: IMMEDIATE**

## **QUALITY HOUSING PROVES SUCCESSFUL IN HEYTESBURY**

Proof that a high quality build in a good location is essential for a successful housing development has been evidenced at Hills Homes' newest development at Old Forge Close in Heytesbury. A number of pre-reservations were taken on the development months before the marketing launch.

At the official launch of Old Forge Close earlier this month four of the ten homes were reserved immediately. Excited new purchasers were able to choose their own kitchens and fittings.

Old Forge Close is a development of ten individually designed, traditionally built homes, ranging from a 2 bedroom mid terrace to generous 4 bedroom family properties all set in the heart of the village of Heytesbury.

Further details on Old Forge Close can be found on the recently updated Hills Homes website at [www.hills-homes.co.uk](http://www.hills-homes.co.uk)
