

Red-top-recycler™

The business recycling bin

Recycling at home has become second nature for most of us. But to be truly sustainable, we need to take the same habits to work with us.

The Red-top-recycler enables people working in industrial and commercial premises to recycle a variety of materials without the need to separate and store bulky materials inside the workplace. We do the sorting at our materials recycling facility. The service enables companies to reduce waste to landfill and meet pre-treatment regulations.

THE BENEFITS

- Avoids recyclable wastes going to landfill
- Avoids the cost of sending material for landfill
- It's easy - no need to separate different materials
- Easily manoeuvrable lightweight storage containers
- Containers can be stationed indoors or outdoors

RECYCLABLES

- Printing paper
- Food tins
- Drinks cans
- Plastic bottles
- Cardboard
- Newspapers
- Magazines
- Plastic milk cartons
- Aluminium foil and trays.
- Check our website for new materials
