Cllr Peter Stein [PS]
Cllr Teresa Seall [TS]
Toni Archer [TA]
David Hodges [DH]
Alan Thacker [AT]
Emma Selway [ES]
Andrew J. Liddle [AL]
Steve Bowman [SB]
Pete Andrew [PA]
Douglas Symes [DS]

1. **Apologies:**

Alan Thacker, David Hodges, Nigel Bundy, Dave Harris, Charles Cooper

2. **Matters Arising:**

Repeat minute - the completion certificate for the cycleway has still not been issued, RJ/IM was dealing.

3. **Site Development Report:**

AL - the development continued to progress as planned. The extraction operation is now in Area E where we have un-earthed a number of burials, one roman in a stone sarcophagus. Currently the archaeologists are working on an area of Roman occupation to the South East corner of Area E. Area F will be prepared for stripping in the spring.

AL - the current position on the restoration is that Areas A₁, B₁, and C₁ is ongoing. Woodsford Farms are managing the area, they have put sheep out in the field grazing and also took a cut off the land as well.

TM - asked when the hedge row will be planted?

AL - stated that currently the plan is to get the whole area established to take a crop and get the land back into productive use. The next areas to be restored C₁, D₁ and E₁ will hopefully be completed by autumn of 2017. Once these areas are settled and performing well the hedge and footpath will be relocated.

3. **REGULATORY MATTERS**

RJ - The principal regulatory matters at this time concerned the determination of applications WD/D/15/001057 and WD/D/15/001058. which were deferred at the last Planning Committee meeting.

RJ - there is a site visit to the Castle to assess the impact report and hopefully get a response from the WDDC Conservation Officer.

AC - asked about the Draft Mineral Plan

RJ - stated there was no information available as yet and he would try to get an update from Trevor Badley.

TM - raised the point that he didn't think there was as much noise through this year compared to last.

AL - probably due to the extraction point moving further east. But we have just moved 30,000m³ from the Operations Area down to Area E1 for the restoration using excavator/dumpers/blade which is the biggest move we have done on the site since we started.

4. ANY OTHER BUSINESS.

The point was raised about moves to close the level crossing near the entrance when Silverlakes Development at Warmwell creates the new road south of the railway.

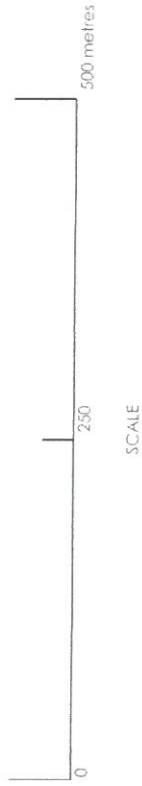

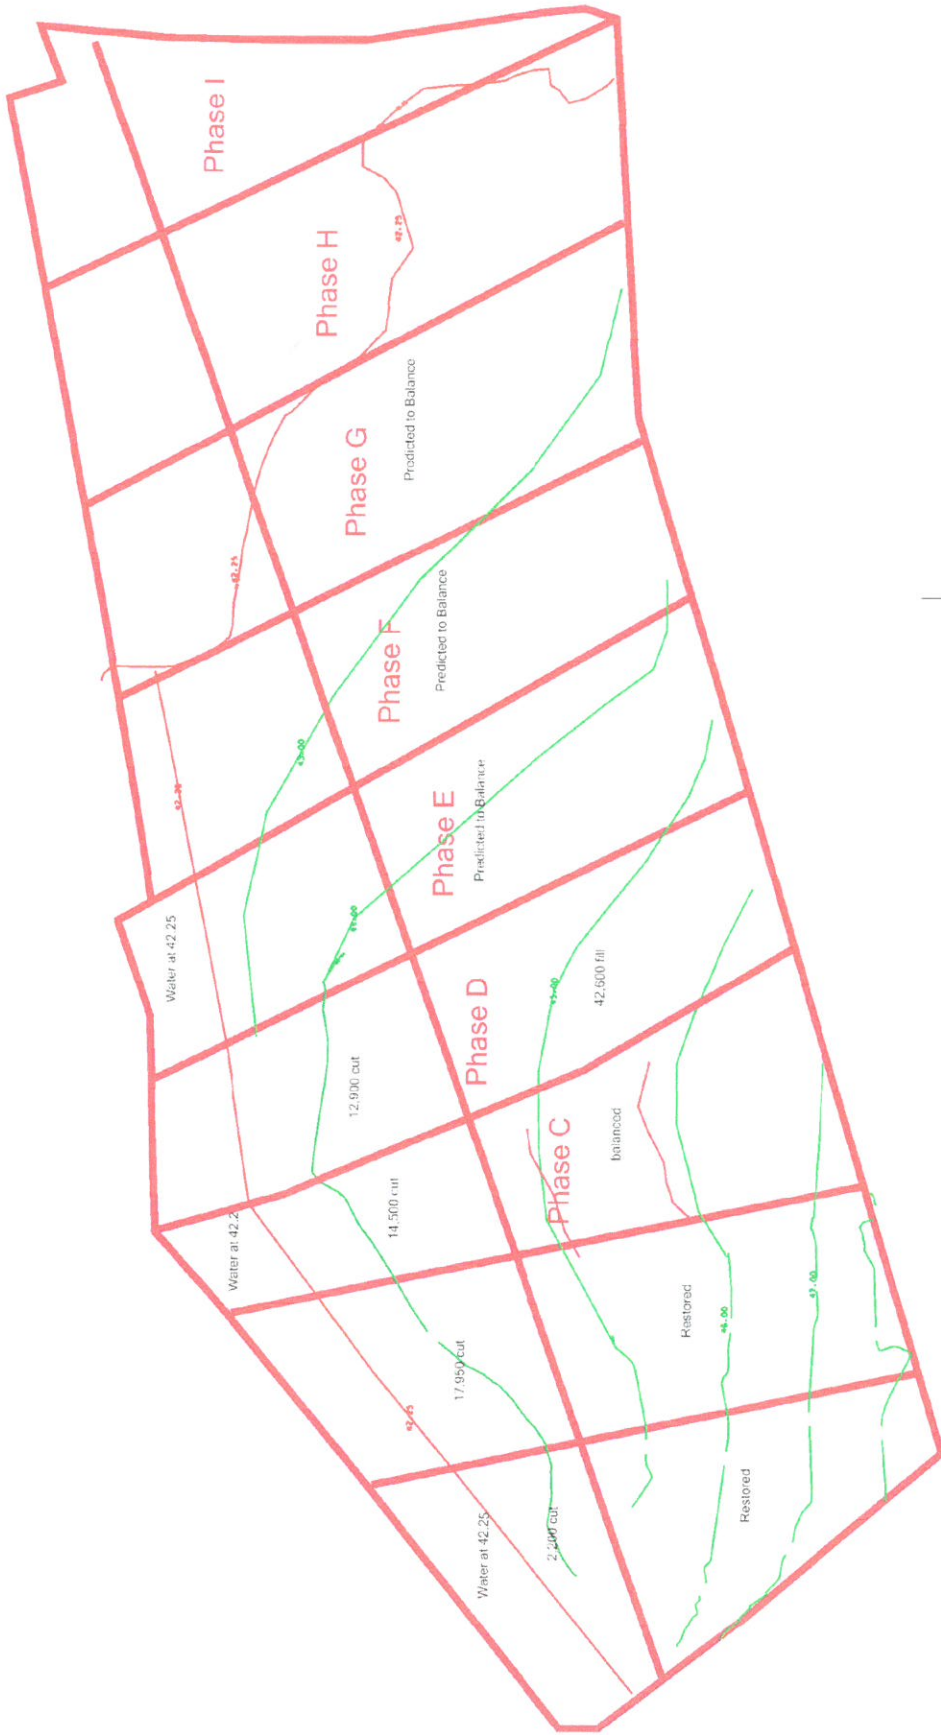

AL - raised the point this could have a major impact on that section of road from the junction to Woodsford and the potential for it to become a fly tipping area.

The date of the next meeting was set as 4th April 2017 - 14:00

Current Extraction Programme:

See plan 17016-5000-001

Area	Start	Finish
Area E		April 2017
Area F	April 2017	February 2018
Area G	February 2018	April 2019
Area H	April 2019	April 2020
Area I	April 2020	September 2020
