

## NEWS RELEASE – 25 January 2012

### Hills to exhibit at Business Show Swindon 2012

Hills Waste Solutions has confirmed that it take part in this year's Business Show Swindon being held at the STEAM museum in Swindon on 1 February.

Hills will be exhibiting alongside around 80 other companies at what is being billed as a showcase for Swindon's top firms.

Alex Marland, divisional director for Hills Waste Solutions said: "We look forward to talking to businesses about the services we have to offer and how to reduce their waste management costs. Keeping up to date with changes in regulations and understanding how to remain compliant with waste management can present a challenge to most businesses."

Hills will also be reminding businesses that landfill tax is set to increase by a further £8 per tonne on 1 April to £64 per tonne. "The rise in landfill tax will have a direct financial impact on all businesses when considering the cost of their waste management. Removing all possible recyclable material from your waste is the best way to minimise this increased cost and that is where Hills has the expertise to help. We can tailor our services to suit your needs and reduce your landfill tax exposure."

Hills Waste Solutions can be found at Stand 25 at the Business Show Swindon from 9am to 4pm and entrance is free to all visitors.

### ENDS

#### Notes for editors

Hills Waste Solutions offers a range of specialist waste management and recycling services to both the public and private sector. It is a dynamic regional business which, while centred on Wiltshire, has stretched its boundaries into neighbouring areas to become one of the region's largest providers of waste solutions. Hills Waste Solutions is a wholly owned subsidiary of The Hills Group Limited, a privately owned family company established in 1900. [www.hills-group.co.uk](http://www.hills-group.co.uk)
