

NEWS RELEASE – 20 February 2012

Hills to go on show in Bristol

Hills Waste Solutions will be exhibiting alongside 144 other local companies and organisations at the Bristol Business Exhibition this year.

The event, which is the city's biggest exhibition and networking opportunity, takes place on Tuesday February 28 from 10am–3.30pm, at Bristol City Football Club Exhibition Centre, Ashton Gate. It is expected to attract over 1,500 visitors.

Alex Marland, group director Hills Waste Solutions, said: "We are looking to strengthen our presence in the Bristol area and this exhibition will put us front of the businesses we are hoping to attract."

"The rise in landfill tax to £64 per tonne on 1 April this year will have a direct financial impact on all businesses when considering their waste management costs. We will be talking to companies on how to reduce their exposure to these increased costs."

Hills Waste Solutions will be located at stand 53.

Organiser Neil Kinnerly said the exhibition — the 10th event of its kind to date — has received "unprecedented" levels of interest from businesses in the South West wishing to take part.

He said : "The exhibition has proved a major draw for businesses from across the region looking to promote their services or source new suppliers, and we are expecting a massive turnout with visitor numbers at least 25 per cent higher than last year." **ENDS**

Notes for editors

Hills Waste Solutions offers a range of specialist waste management and recycling services to both the public and private sector. It is a dynamic regional business which, while centred on Wiltshire, has stretched its boundaries into neighbouring areas to become one of the region's largest providers of waste solutions. Hills Waste Solutions is a wholly owned subsidiary of The Hills Group Limited, a privately owned family company established in 1900. www.hills-group.co.uk
