11.09 Printed on Evolution Coated, comprising 75% recycled fibre containing at least 50% post-consumer waste.

Hills products

Hills Quarry Products is a one-stop shop for an extensive range of aggregates.

Whether your need is for basic construction aggregates, attractive decorative materials or more specialised aggregates for sporting applications, we can usually source them for you. Our mainline range is detailed here, but do give us a call if you need anything that is not shown or if you would like us to create a tailor-made product to meet your own specification. We like to help.
