

# hazardous waste containers

Changing legislation has affected the way businesses and householders can deal with waste classified as hazardous.

Hills offers a range of collection methods for hazardous waste, ensuring compliance with legislation. Dry hazardous waste can be collected on our skip hire and roll-on-roll-off service. Enclosed lockable versions of our standard container range can be supplied for increased security and safety.

## KEY FEATURES

- Enclosed lockable containers
- Environment Agency paperwork completed on customers' behalf
- Hills' own disposal facilities
- Collections throughout England and Wales
- Dry hazardous waste
- Contaminated soils
- Asbestos
- Sludges and filter cakes from industrial processes
- Contaminated packaging
- Waste Electrical & Electronic Equipment.

## HAZBINS

HazBins are suitable for smaller items of hazardous waste. The 60-litre plastic container is ideal for commercial and industrial premises, producing hazardous waste from cleaning and maintenance functions. In addition to this service, hazardous waste can be collected in drums or palletised to suit customer requirements.

## CONTAINER SPECIFICATION

Capacity	Width	Height	Length
60 litres	374mm	400mm	600mm

## KEY FEATURES

- Scheduled collection service to suit customer requirement
- Easy ticksheet for duty of care compliance
- Many hazardous waste streams recycled
- Lidded and lockable for safety and security.

## SUITABLE WASTE TYPES

- Aerosols
- Paint tins
- Thinners
- Oil tins
- Wipes and absorbents
- Cleaning chemicals
- Fluorescent tubes
- Batteries.
