

## **Hills** rear-end loader

Suitable for lightweight, compactable commercial waste such as plastic, paper, cardboard and black bagged waste streams.

Waste is tipped into a dust cart-style vehicle quickly and easily on the customer's site. A range of containers is available up to 14 cubic yards to suit customer requirements. Containers are also available for recyclables.

### KEY FEATURES

- Containers suitable for loose, bulky types of waste
- Regular scheduled collections
- All containers can be supplied with a lockable option
- Container permanently assigned to customer's site
- Designed to meet duty of care obligation and CE Standard
- Full documentation which complies with all relevant legislation
- Access is simple using either the sloping front or rear doors to maximise capacity.

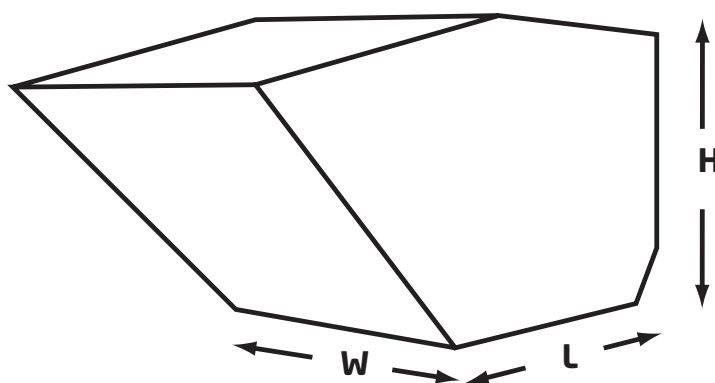

### SUITABLE WASTE TYPES

- Packaging waste
- Dry non-hazardous waste
- Compactable commercial and industrial waste
- Low-density waste

# rear-end loader
