

HILLS SIGNS CONTRACT WITH CEMEX UK OPERATIONS LTD

Hills Quarry Products has signed an agreement with Cemex UK Operations Ltd to acquire its Newbury ready mix concrete operations.

The Wiltshire-based company has been on the site at Bone Lane in Newbury carrying out routine maintenance and putting in a new computerised batching system.

Alan Mackenzie, Group director – Quarry Products, said: “Acquiring the site complements our existing facilities in Shorncliffe in South Gloucestershire, Lower Compton in Wiltshire and Woodsford in Dorset.

“It gives Hills the strategic opportunity to develop our market in the west Berkshire, north Hampshire and south Oxfordshire areas.”

The site is now ready to batch concrete and is able to offer ready mix concrete to our customers.

For inquiries contact Gavin Walton, business manager, on 07775600852 or Richard Swatton, sales representative, on 07785304190.

ENDS

Notes for editors

Hills Quarry Products

Hills Quarry Products specialises in the production and supply of quarry products and ready-mixed concrete to the construction and agricultural sectors. It is a dynamic regional business which, while centred on Wiltshire, has stretched its boundaries into neighbouring areas to become one of the region’s largest suppliers. Hills Quarry Products is a wholly owned subsidiary of The Hills Group Limited, a privately owned family company established in 1900. www.hills-group.co.uk
