Witney development shortlisted for national award

The conversion of an old mill in Witney, Oxfordshire, has been shortlisted by Local Authority Building Control (LABC) Warranty awards in the 'Refurbishment Development of the year' category.

Bishops Farm Mill, which dates from the 19th century, has attracted the attention of award judges following extensive work undertaken by Hills Homes Developments to convert the property into seven bespoke apartments.

The awards, known as 'The Bricks', recognise and reward sites that reflect the highest quality and excellence in construction.

Nick King, group director for Hills Homes Developments, said: "We are delighted to have been shortlisted for this award and all credit goes to the great team who worked on the project. Undertaking redevelopment projects can be challenging and it is encouraging when the hard work and dedication involved is acknowledged in this way."

'The Bricks' final awards ceremony will be held in London in October. **ENDS**
