Our business is built on customer demand and a reputation for reliable, quality customer service. If we don't deliver on waste collection/removal, our customers would go elsewhere.

Renowned for quality customer care and efficient work, Hills is actively recruiting and working to double in size within the next five years. As an LGV Driver representing us on the front line, you'll spearhead our growth.

From bin tipping to skip collecting, this role focuses on waste streams from commercial premises across Bristol – but you do not need existing waste industry experience to be considered.

If you are...

- A Class 2 LGV/HGV lorry licence holder
- Driver Certificate of Professional Competence (CPC) qualified
- A lorry driver with some previous multi-drop experience, in any industry
- Someone who enjoys meeting a variety of customers, both new and regular
- Someone who appreciates good customer service and representing a business
- Happy to be busy and out and about in all winds and weather
- Able to carry out manual handling activities.
