

## Site Technician Lower Compton

**Hills Waste Solutions is recruiting a Site Technician to join the Waste Operations team.**

Reporting to the Site Manager; this post is based at our Lower Compton Landfill site near Calne.  
Duties will include:

- The monitoring and reporting on the leachate extraction system. Operation of the leachate treatment plant on a daily basis and ensuring that the discharge consent is adhered to.
- The monitoring and reporting on the surface water system at the site. Ensuring the discharge consent is adhered to.
- To provide recommendations to the management within Hills Waste Solutions Ltd with respect to current best practice and latest technology in line with the above systems.
- To effect daily repair, testing and maintenance to the above systems as required. If works are beyond the scope of one individual, identify and cost works to be presented to the site manager for approval.
- Liaising with other departments within the company, along with external bodies/contractors.

The successful candidate will ideally have experience within the waste industry and have established skills and knowledge surrounding the sampling, monitoring and analysis of substances and liquids. CIWM membership or equivalent would be a distinct advantage.

You must be computer literate and able to maintain and report from the company's environmental database. Candidates are required to have a current clean driving licence, their own vehicle and enjoy a mixture of inside and outside work as well as be familiar with current waste legislation. Visits to other Hills waste facilities may also be required, along with the operation of the weighbridge system when required.

**Please email your CV to [join@hills-group.co.uk](mailto:join@hills-group.co.uk) or contact Hills on 01793 781199 for an application pack quoting the relevant Vacancy Reference HG1408.**

*The Hills group is committed to monitoring and maintaining equal opportunities and welcomes applications from all sections of the community.*
